

Wi-Fi@NIE for iOS Device

Wi-Fi@NIE settings for iOS.

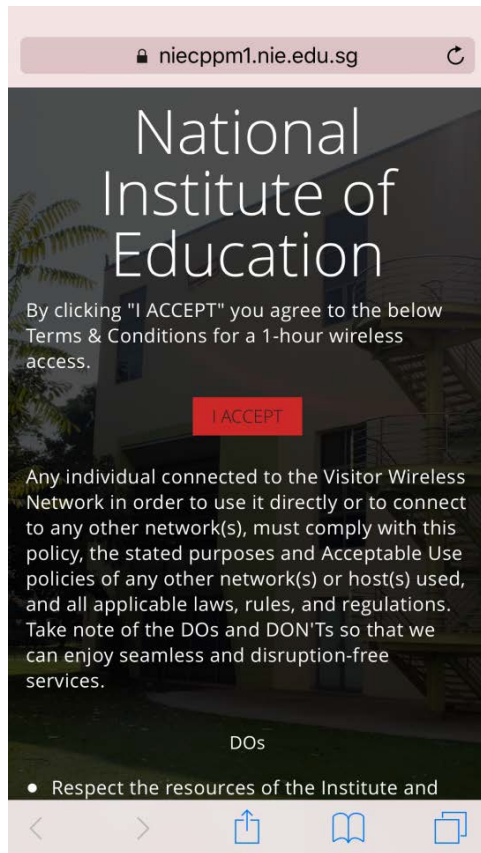

1. Enable Wi-Fi setting on your mobile device.
2. Select **Wi-Fi@NIE** from the detected list of Wi-Fi networks.
3. Select Cancel when Log In screen appears.

4. Select **Use Without Internet** to exit the Log In screen.

5. Launch an Internet Browser. Click **I ACCEPT** when the Wi-Fi@NIE Sign-in page appears.

6. Once successfully connected to **Wi-Fi@NIE**, you can start using the wireless network with your mobile device.
